

@Rating Credit Opinions

As a major global credit insurer, Coface has a worldwide network of experts specialized in information gathering, processing and analysis.

Credit Opinions provide a cost-effective way to manage your risk function.

BENEFITS

RISK MANAGEMENT

Monitor and manage your clients' level of creditworthiness in a single online portfolio

UNDEWRITING EXPERTISE

Leverage Coface's global underwriting knowledge and experts

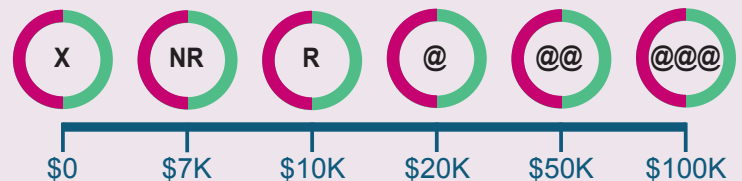

MONITOR YOUR CLIENTS

When information is obtained that results in a change to a company's @rating Credit Opinion, the updated rating is passed directly to you

@RATING EXPLAINED

A broad range of internal and external information goes into each @rating:

- Commercial reports
- Annual reports
- Country and industry analysis
- Policyholder experience
- Coface global network information
- Bank Reports
- Company analysis
- Payment irregularities
- Direct debtor information

The standard @rating Credit Opinion classifies a company's level of creditworthiness according to the six levels of credit as seen above.

There are 3 products available to support your specific requirements :

- @Rating Credit Opinion
- Monitored @Rating Credit Opinion
- Customized Credit Opinion
